

Jade McIntosh Flowers Information Pack...

Our aim is to provide you with as much information as possible in order to help you make a confident and considered choice on your wedding flowers. Any questions on our service or the planning process please email: jade@jademcintoshflowers.com.au or call Jade, Megan and Rebecca 04210 89 054.

So you're engaged, have a date set, booked a venue and preferably have your dress colour/s (or at least know them).

WHAT'S THE NEXT STEP?

1. Make an enquiry www.jademcintoshflowers.com.au/contact.html call 0421089054 or visit our Facebook page 'Jade McIntosh Flowers' we'll let you know if we're available to do your flowers.
2. Book a face to face consultation or email through any ideas and questions you may have. If you're not sure what flowers you like or might suit your theme, check out the seasonal guide on our website or the Facebook album for your wedding month or guide yourself through the website gallery to see examples of the flowers used in bouquets and arrangements.

Consultations can be conducted at your convenience either at your venue or a café. These appointment times are posted on our face book wall for the coming month

3. Book by signing our terms and conditions and forwarding a deposit of 25% or \$100. This will secure your date if you haven't received a formal quote yet. This amount can be an approximate and you're welcome to leave out any items you're not sure you'll go ahead with.

Bookings can be made to hold your date, well before you have ideas together or organise a consultation. Following the steps above. This is a good idea for the peak months of September - May or if you don't have much time left before your day, as we limit our workload on any one day.

4. You'll receive a postcard in the post containing information confirming your booking and covering the next few planning steps leading up to your day –this information also appears on the 'invoice' tab of your quote.

Frequently asked questions...

What about delivery of my bouquets on the day, and do you set up the ceremony flowers and table centres?

Delivery is offered and we can organise multiple separate deliveries for buttonholes or family members. We're able to fully set up your ceremony flowers and any reception floral decorations. If needed we're able to transfer ceremony arrangements into the reception after your service. we aim to eliminate the need to delegate jobs to friends and family ensuring they too are able to relax and enjoy the day, it also ensures the flowers are handled and cared for correctly maintaining their freshness and design.

Frequently asked questions...

Can I make changes to my order once I've signed the terms and conditions and paid my deposit?

Yes, this simply confirms your intention to go ahead and holds your place for the day. Changes can be made up to one month in advance, as this is when orders with growers are placed.

Frequently asked questions...

Are there any cake decorators or event decorators you can recommend?

We have a list of recommended suppliers on our website at the bottom of each gallery category. These are businesses whose work we've seen and are happy to be associated with.

Do you supply the vases for my centre pieces?

We have a range of vases, tea lights etc for hire and these appear on our website. We're happy to organise a quote for any decorating items associated with your floral design from other suppliers for stock we don't have ourselves and we can collect or return these for a fee.

Do you offer trials? I'm having trouble visualising what my bouquet will look like.

Trials are offered for 50% of the quoted item price once you've made a booking. Keep in mind the time of year which will affect the availability of your chosen flowers and their colours.

Will you set up flowers on the cake at the venue or at the cake decorator's showroom?

We can liaise with other suppliers concerning coordinating delivery times and the completion of set up, be it flowers for the cake or advising your venue coordinator when to expect us at the reception.

When are the flowers delivered?

Delivery is organised to arrive at least two hours before your ceremony. More often you will receive them even 4-5hrs prior. We prefer to deliver to your room or where you are getting ready so we can show you the flowers and point out each item. Estimated delivery times will be confirmed a few weeks prior and updated on your quote.

How do I look after the flowers if it's a hot day?

When the flowers are delivered we will advise if they need to be placed in water or a cool room and give you any necessary instructions for their care. Sometimes they're best left untouched in the packaged box delivered in.

Frequently asked questions...

When will you set up my ceremony flowers and flowers for the reception?

I aim to complete set up for your ceremony a minimum of one hour prior to its commencement, although this does come down to location, the types of flowers and works in with other ceremonies. i.e. a rose petal aisle should be laid 30-60mins beforehand in summer.

Can I hold my wedding date?

I'm not sure what I want yet. We do not hold places without a deposit being paid (this can be \$100.00 if you haven't reached the stage of receiving a quote) and the return of signed terms and conditions.

How early can I book?

As soon as you're engaged and have a date (and preferably a venue booked).

How do I make payments?

Preferred payment is by direct deposit (see bank account details in terms) and I'm happy to take increments but easiest option is one lump sum payment or a deposit and then final balance.

A bridesmaid bouquet or one less table is required due to last minute changes: once the flower order has been placed with growers (4 weeks prior) then payment for this invoiced item will be required. The flowers will be used in another area such as an arrangement for the gift or cake table etc

Do you have a shop or showroom where we can view your work or come and see you?

I'm a freelance florist and consultations are by appointment. For convenience I will arrange to meet either your venue to save you travel or a cafe. This may also give you a chance to view my work in your chosen venue. I've found running my business this way ensures I'm solely focused on each function without the distractions of a retail business. For meetings I have my portfolios, magazines and other reference material with me.
